March 26, 27 & 28 (Fri.-Sun.)

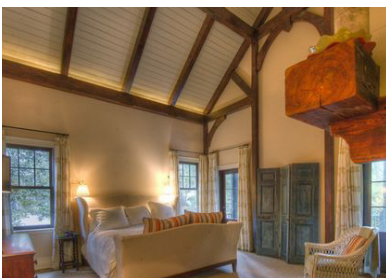

2 Night 3 Day Stay — but more than welcome to come on down Thursday night

Discover the allure of the Georgia Coast at Sea Island Resorts – which blends timeless southern hospitality, unparalleled style, and a tradition of excellence in a legendary setting

Cottage 122 is a masterful blend of classic design and modern luxury. Built in 2004, this shingle-style cottage features unique and detailed design elements reminiscent of the seashore.

Off the bluestone entry is a sophisticated salon crowned by custom timber framing. This leads to a unique circular screen porch with fireplace and outdoor spa and designed after the historic Bell House in Newport, RI. In the kitchen, warmth abounds with pale blue distressed cabinetry, handsome farmhouse sinks, and an extraordinary antique glass and iron light fixture. These features complement the elegant dining and living areas nearby.

A total of 7 whimsically-themed bedrooms delight guests. Don't miss the secret bunkroom and the faux-bookcase concealing a home theater! There are hidden surprises throughout. As a bonus, the cottage is conveniently located on the Sea Island Drive for easy access to resort facilities.

5 Minute walk to beach, great biking/walking, 15 minutes from shopping village on St. Simons. Personal vegan chef, large hot tub and outside fireplace. The Cloisters is right next door... a world renown spa and is available for booking.
